The school always provides care to students to the best of its ability. In the case of a serious crisis or emergency, the school will contact the emergency support services as a first priority and contact the parents as soon as possible thereafter. In the case of a less serious situation, medical or otherwise, the school will make every attempt to contact parents first.

Parents are responsible for ensuring the school has up-to-date information on emergency telephone numbers and their child's doctor. If the school is unable to contact the parents, it will act in loco parentis and decide on an appropriate course of action.
